01 — OUR STORY

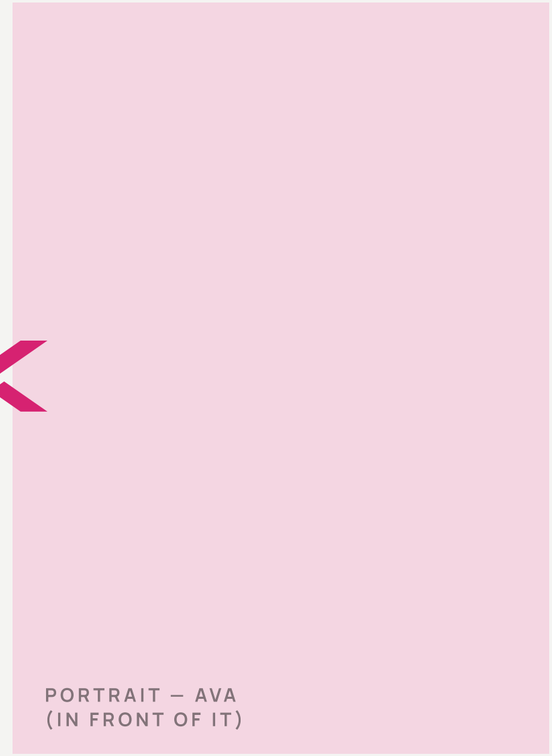

Navid x Ava.

Partners in life. Partners in frame.

NxA is a creative studio in Dubai run by two artists. Navid is a photographer and art director who sees in light, lines and space. Ava is a filmmaker, storyteller, cook and stylist who sees in people, flavour and feeling.

Together we make places, products and brands look the way they deserve to look — on camera, by hand, with no shortcuts.

Navid — the eye

Photographer & art director. Space, architecture, light. Calm, precise, behind the camera.

Ava — the voice

Filmmaker, storyteller, cook & stylist. Food, people, story. Energetic, warm, in front of the camera.

02 — THE BIG IDEA

From t-shirt *to suit.*

Most small businesses show up online in a t-shirt and a hoodie. The big brands hire agencies a small business can't afford. NxA puts every client in a well-cut suit: tailored content, made by hand and camera, at a price a small business can pay.

Everything in this book serves that one idea.

MISSION

Make Dubai’s independent places look as good as they really are.

VISION

The studio Dubai’s best small brands name when someone asks: “who shot this?”

VALUES

01

Made by hand

Real people, real cameras, real light. No AI faces, no AI voices.

02

Tailored, not templated

Every client gets their own cut. No copy-paste looks.

03

Affordable luxury

Omega — not Patek Philippe, not Swatch. Premium a small business can own.

04

Two eyes, one frame

Space and story, always shot together. Navid’s frame, Ava’s feeling.

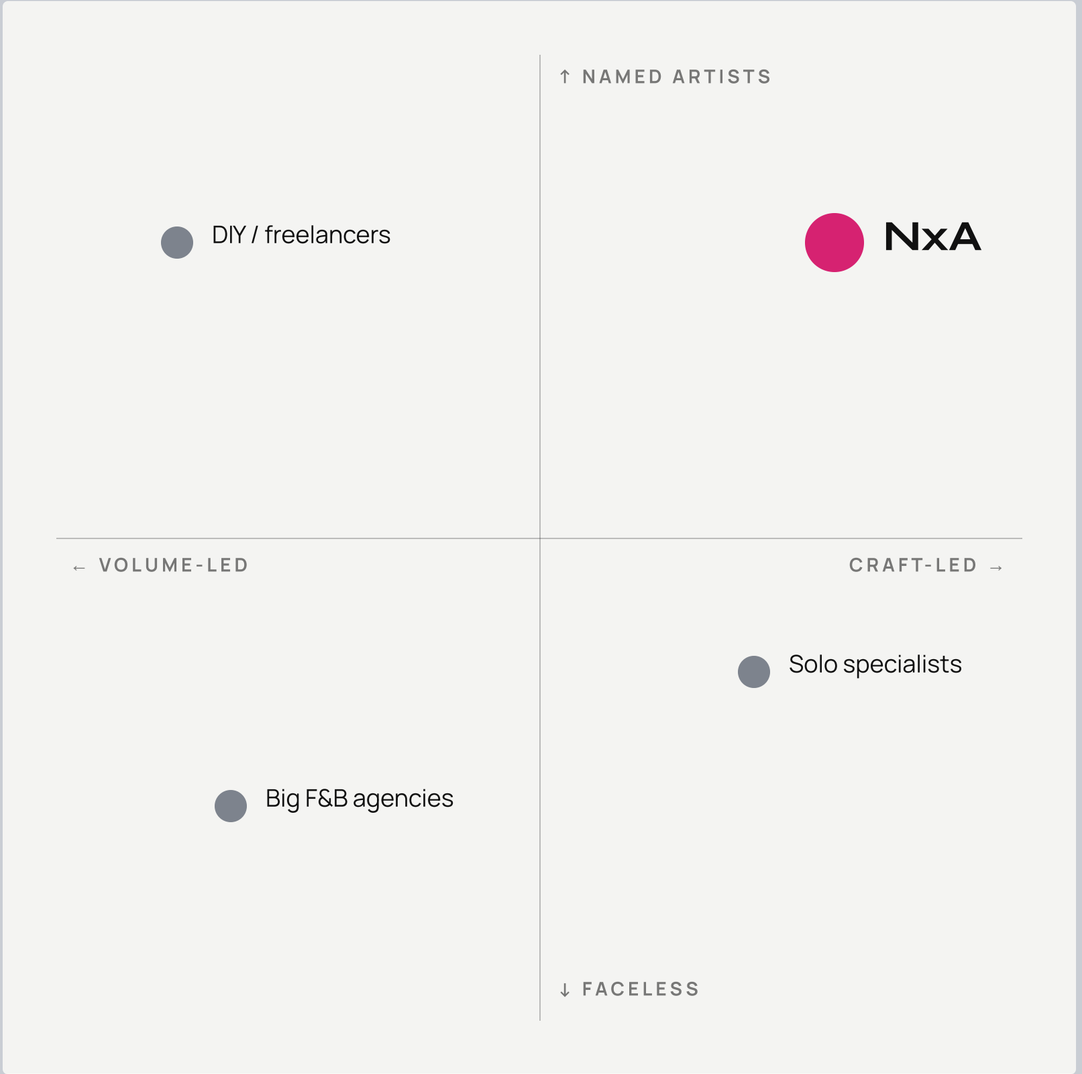

04 — POSITIONING

Where we stand.

For independent restaurants, cafés, boutique hotels and design brands in Dubai that want to look world-class, NxA is the two-artist studio that tailors space, food and story into one look — at a price a small business can pay.

Unlike volume agencies, you always know who is behind the camera.

Not Patek. Not Swatch. Omega.

05 — AUDIENCE

Who we dress.

LEAD SEGMENT · MONTHS 1–3

Hospitality owners

Independent restaurants, cafés, boutique hotels and concept stores in Dubai, under 50 staff.

They want to look as good as the big names and win bookings — without a big-agency bill.

They decide fast, by look and by trust. Instagram first.

Before → after: t-shirt content → a tailored look that matches the real quality of the place.

SECONDARY SEGMENT

Design & lifestyle brands

Interior studios, furniture and design brands, developer show units, fashion and lifestyle labels.

They care about space, material and craft — Navid's home ground.

Followers include creatives; buyers are owners. Impress the first, convert the second.

06 — PERSONALITY

Calm x energetic.

Navid is the calm. Ava is the energy. NxA lives in the tension between them: futuristic and minimal on the surface, warm and playful underneath. Serious in the meeting, playful in the studio.

IF NXA WERE…

a painter — David Hockney
a couple — David & Victoria Beckham
a voice — Adele

07 — VOICE & TONE

How we sound.

Ava speaks. Navid frames. We write like a friend with impeccable taste: short lines, real process, no hype.

We sound like a friend with taste	*never a sales deck*
We sound like confident — we show the work	*never boastful*
We sound like futuristic & minimal	*never cold*
We sound like playful in the studio	*never careless with clients*

WORDS WE USE

WORDS WE BAN

elevate · next level · game-changer · unlock · premium quality content · in today's fast-paced world · fake urgency

SAMPLE CAPTION

Same café. Same table. Same coffee.
We just changed the light, the angle and the story.
This is what a suit looks like on a small business. ×

Emoji: one, max. Hashtags: 3–5 topic tags, never a block.

08 — THE LOGO

N for Navid. A for Ava. × for what happens when they work together.

One wordmark, drawn from a single stroke family. The letters stay quiet in Ink; the × carries the colour.
Never redraw, retype or rearrange it — always use the master files.

09 — CONSTRUCTION

Every stroke runs at 35°.

35°

One angle for every diagonal — N, ×, A.
It is the brand's signature line.

1 unit

Cap height of N and A.

½ unit

Height of the ×. It sits on the optical centre, between the letters.

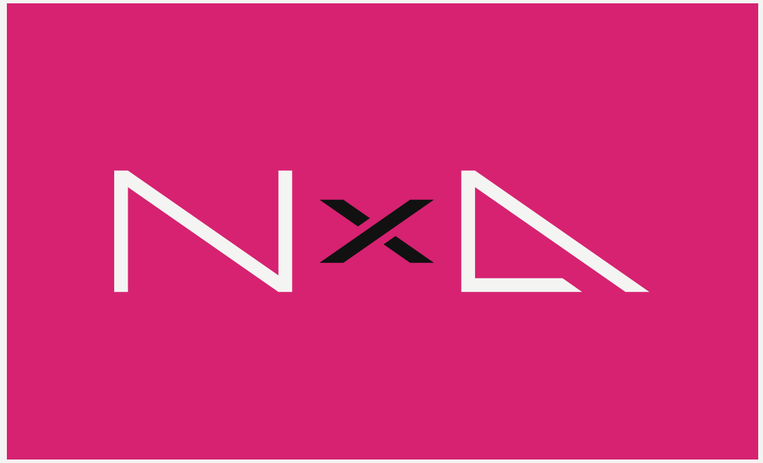

10 — LOGO VARIATIONS

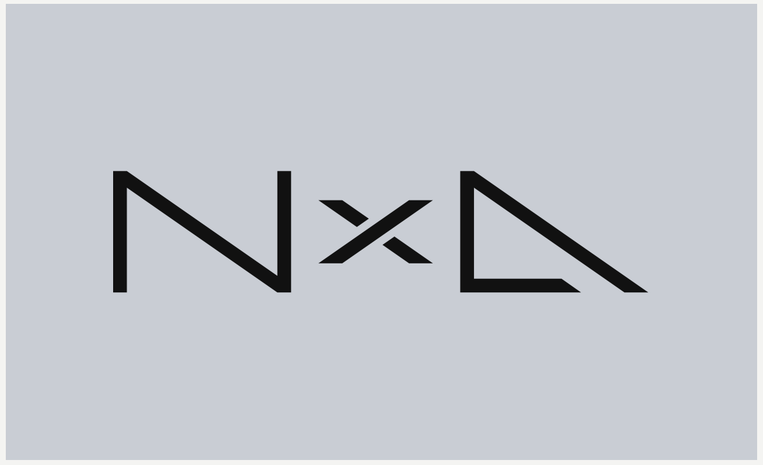

PRIMARY — ON PORCELAIN OR TITANIUM

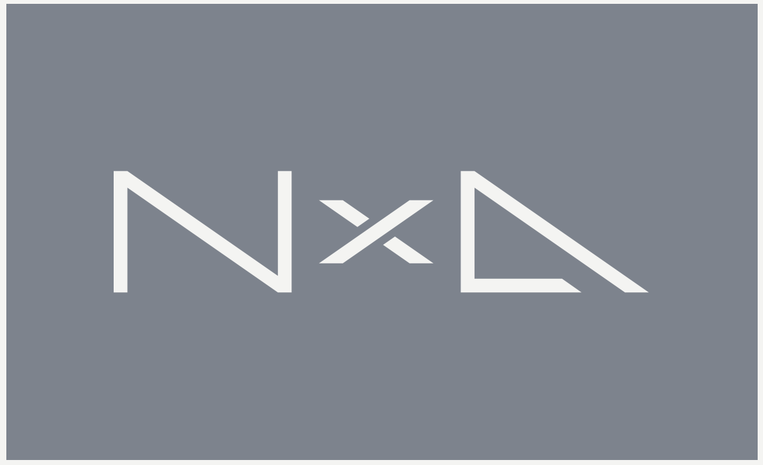

REVERSED — ON INK

ON ROSE — FOR STATEMENTS

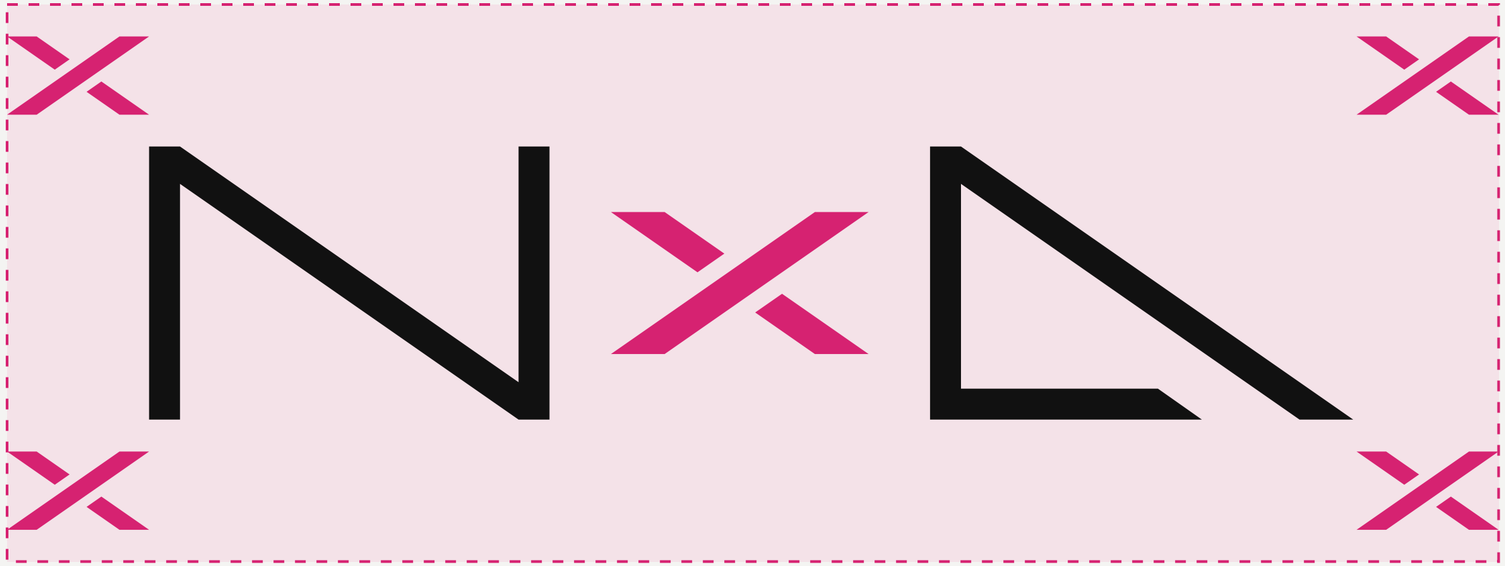

MONO INK — PRINT, STAMPS, EMBOSS

MONO PORCELAIN — OVER DARK PHOTOS

THE × — AVATAR, FAVICON, SIGN-OFF

11 — CLEAR SPACE & SIZE

Give it room: clear space on every side = the height of the ×.

Nothing — text, edges, other logos — enters the pink zone.

MINIMUM SIZE
